

QR codes are boring. That is the trap.

Small, square, usually ignored.
Exactly why it can hide a useful
marketing system.

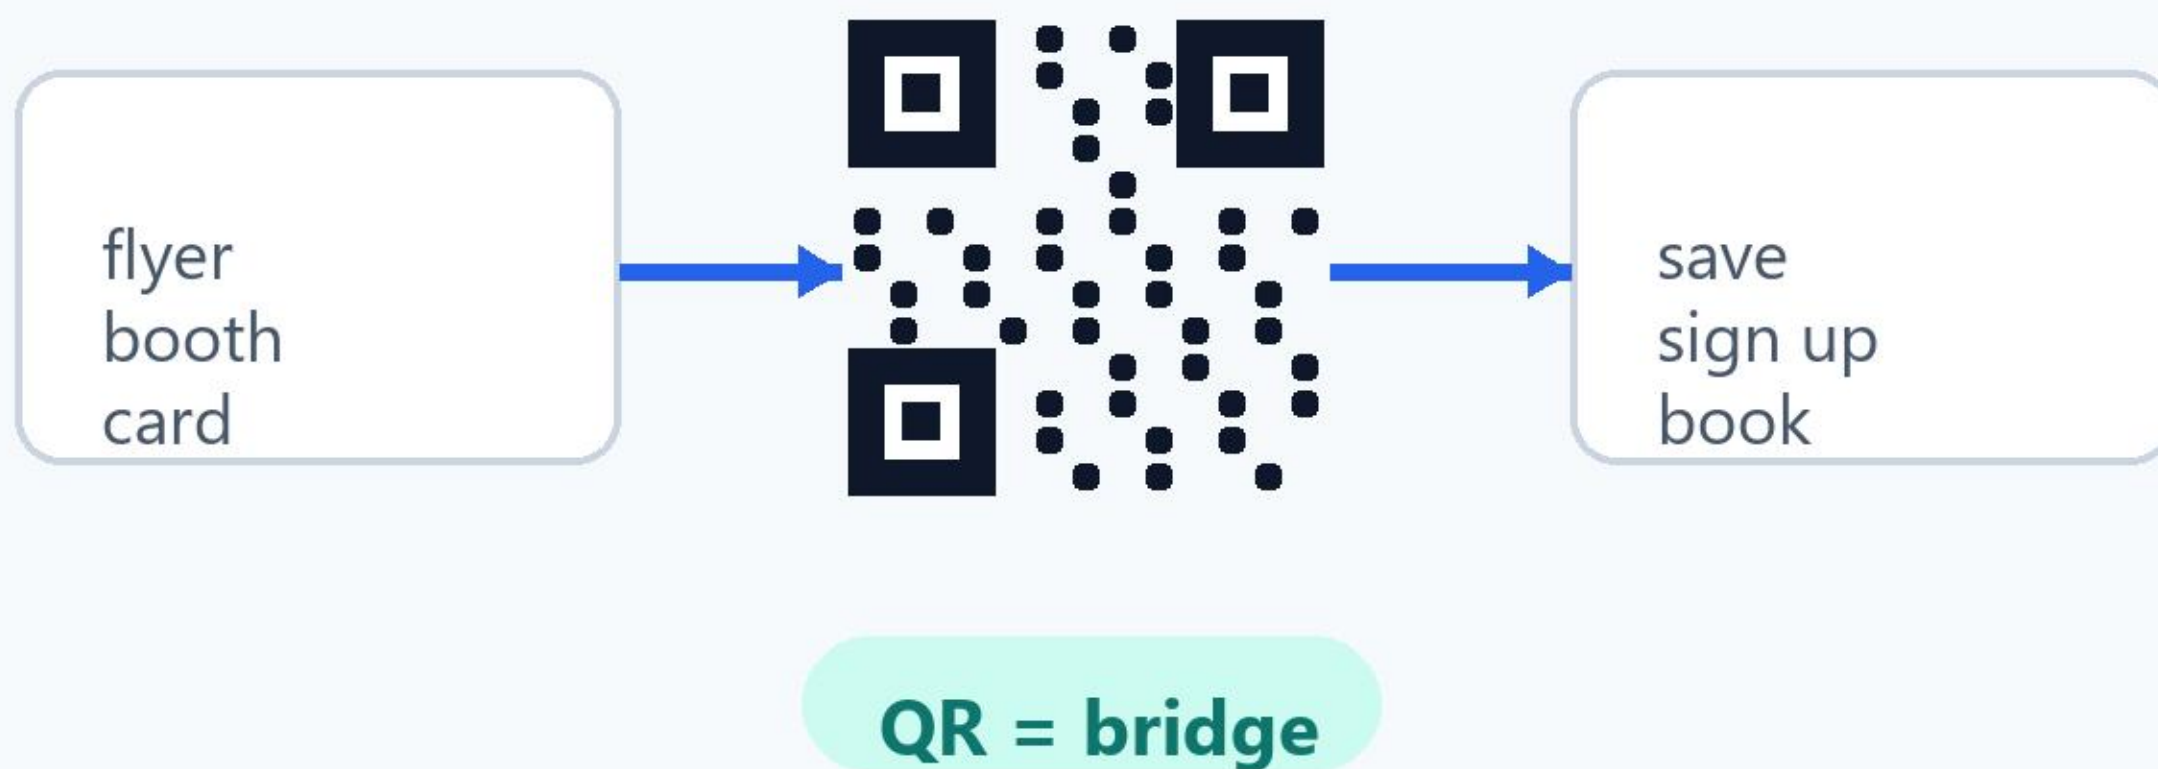

You cannot click paper.

Nobody is typing that from memory.

LOCKED

Great when the information is stable.
Awkward when reality edits the plan.

Dynamic QR codes give print an edit button.

The value is after the scan.

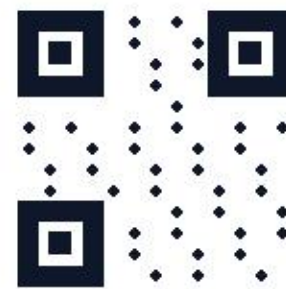

A scan is not the conversion. It is the handoff.

Free static vCard QR codes. Dynamic QR codes when printed links need an edit button.
